The opportunity

Join the technical team at our Evesham depot and help maintain the quality, safety and technical standards expected by the business and its customers. You will work across teams to organise accurate information, respond to technical queries and support practical improvements.

This placement offers broad exposure to fresh produce quality and technical operations, with opportunities to develop analytical thinking, customer communication and an understanding of responsible supply chains.

What you will do

- Learn and apply the technical and quality requirements of the business and its customers.
- Maintain accurate technical information and support its timely presentation to customers and colleagues.
- Work with procurement, sales and operational teams to provide clear responses and keep actions moving.
- Respond to customer technical or quality requests, concerns and issues promptly and professionally.
- Maintain open communication with customer quality and technical contacts.
- Identify practical ways to improve technical processes while protecting quality, safety and service outcomes.
- Support new business activity by helping colleagues understand and respond to technical requirements.
- Monitor industry developments, competitor activity, emerging risks and relevant opportunities.
- Contribute to the company's sustainability goals and continuous-improvement activity.
- Take part in supplier and customer visits and relevant industry events to strengthen knowledge and professional relationships.

What you will bring

- Strong IT, communication and organisational skills.
- High attention to detail and confidence handling accurate information.
- The ability to follow procedures and work in a structured, consistent way.
- A proactive approach to investigation and problem-solving.
- The ability to manage several priorities and communicate progress clearly.
- Flexibility when priorities change or unexpected quality or technical issues arise.
- An interest in food quality, technical standards, sustainability or fresh produce.

What we offer

- Private medical insurance.
- Ongoing training and support for career development.
- Life assurance of up to four times salary.
- 28 days' holiday per annum, comprising 20 days' annual leave and 8 statutory bank holidays.
- Matched charitable fundraising of up to £400 per employee each year.
- The tools and resources needed to perform the role effectively.
- Excellent working conditions and a supportive working environment.
- A Great Place to Work certified workplace.
